

CLIENT: FOX SPORTS

Leading creative for executive-level presentations, large-scale event graphics, print pieces and website graphics. Over my eight year career with FOX Sports, I created over 350 presentations, hired and managed graphic designers, worked directly with upper executives including President of FOX Sports, Eric Shanks, and President of Programming and Research, William Wanger. Tight deadlines and demand for on-brand, high end design were met and as often as possible, exceeded.

CLIENT: OMNIPEACE FOUNDATION

OmniPeace Foundation

Updated branding palette, fonts and design themes for 2020 events and projects, including fundraising for a new music school in Rwanda that breaks ground in early 2021. Working closely with founder and director, Mary Fanaro to meet design needs on more than a dozen projects this year.

WHO IS OMNIPEACE FOUNDATION?

OMNIPEACE FOUNDATION builds schools to empower youth living in extreme poverty in Africa. OmniPeace made its mark by creating a trailblazing t-shirt line that was designed to inspire and share its powerful message. The OmniPeace logo became an icon in fashion and gained supporters ranging from Hollywood celebrities to leaders in the global movement to bring change to Africa.

OMNIPEACE is now focusing its efforts on music schools in Rwanda. The RWANDA ROCKS MUSIC SCHOOLS provide music education for at-risk youth. These programs give children the opportunity to explore music as a tool of self-expression while improving their basic education.

RWANDA ROCKS 2020 FUNDRAISING GOAL

This year, OMNIPEACE FOUNDATION is setting the stage for a new and exciting Rwanda Rocks Music School in Kigali, Rwanda. This will be our 10th school and second music school in Africa. We have partnered with renowned architect, Scott Lindeman & Studio B Architecture + Interiors team who will bring their ingenuity and skills to create the first, landmark music school in the country. This groundbreaking school will stand as testament to the infinite power of music and its ability to change the world.

The community will see the inauguration of the RWANDA ROCKS MUSIC SCHOOL as a promise to enhance their children's lives, a place to bring the community together and home to Rwanda's first architectural Music School.

DREAMS WILL COME TRUE HERE

OMNIPEACEFOUNDATION.ORG

IN THE PAST 15 YEARS, OMNIPEACE FOUNDATION HAS

- Built nine schools in Africa (Senegal, Mali, Malawi and Rwanda). The first seven schools were primary schools and are located within visionary economist Dr. Jeffrey Sachs' Millennium Villages. Dr. Sachs is co-founder of Millennium Promise, and former Director of the Earth Institute at Columbia University.
- Built two music schools in Rwanda (The Rwanda Rocks Music Schools), including the first music school ever created in a refugee camp, the Kiziba Refugee Camp.
- Sent two convoys into Somalia with the "2012 Super Bowl Champions" The New York Giants to feed over 10,000 families during one of Somalia's worst famines.
- Partnered with UNICEF and V-Day Foundation to raise funds and awareness for The City of Joy, a rehabilitation center and safe haven for women and children victims of violence over conflict minerals in Congo.
